

150 Golf Club

Sun City Grand made a decision that shotgun starts will not be used for now. Therefore the 150 Golf Club will be using Tee Times until further notice.

This will result in several changes to the normal 150 Golf Club process. Those changes are outlined below.

Sign up and pairing process – You will be required to use the sign up process to secure one of the Tee Times. The sign up process will be the same as in the past. You may pick up to three partners, which must also be signed up, to play with you using the Pick Your Partner process. Pairings will be created using the sign up and pick your partner lists. Once the pairings have been created a tee times will be randomly assigned to each group starting at 12:30 and continuing to 2:30 if there are enough pairings to fill all the tee times. Once the pairings have been create and tee times assigned they will be posted on the 150 Golf Club web site. That is where you will find your specific tee time. Your Tee Time maybe any time between 12:30 and 2:30.

Golf management is requiring that the pairings be provided to them by close of Business on Wednesday. Therefore the sign up process will be closed at 12:30pm on each Wednesday before the Sunday of play, no exceptions. Once the Golf course has the pairings any Tee Times that we have not scheduled will be released to the residents and guests. The 150 Golf Club will not be able to assign any additional Tee Times after the pairings have been sent. If you missed the sign up you can call the golf course to see if any are available.

Sign up for November 1st is open now.

Day of Play – There will be several changes on Sunday when you arrive to play.

- There will be no check in table. You will check in with the Pro Shop only. Remember you must wear a mask and swipe your own cards when checking in.
- The pro shop have the score cards. They will hand them out to the first member to check in for each pairing. Deposit the cards in the score card drop box at the Cimarron course.
- There will no meeting or tips as long as tee times are used.
- Golf will be played as normal for the 150 Golf Club. The blue tees will be placed within 150 yards of the green. Everyone will tee off from these tees.
- During cart path only days we will try to have the tees as close to the cart path as possible.

We hope you come out and enjoy playing golf with the club!
