Ready Golf/Pace of Play It is important that each person in each group takes only 6 strokes per hole. Some of us take 8 or 10 strokes to complete a hole. To help keep the game moving with the tee times, please pick up your ball after the 5 strokes; record a 6; move on to the next tee. **Record your score when you get to the next tee box.** If you are far enough apart, you may both hit your second shot at the same time :>)
