

OCTOBER NEWSLETTER

Howdy, everyone. Glad some of you are coming back. Although we don't have much golf this month, there is still a lot going on. And some changes – If you haven't updated your email with Sun City Grand, you may not be getting all the Grand emails. At this point, the budget hasn't been approved; so, we're not sure where the fees will end up.

SIGN UP for 150 Golf Club play – because the Pro Shop needs numbers on Monday, we'll need to change our sign-up: Monday to Monday. This means you'll need to sign up for the following Sunday play nearly a week in advance. We understand this is quite a change; but we need to help the Pro Shop with their accurate count. The cards may be printed later in the week to accommodate any changes. We'll keep you advised as to who to contact to cancel or to add.

Cancellation Fees – Members who sign up to play and do not show without calling the Pro Shop or pairings director to cancel will be charged \$5. By letting the Pairings Director know or the Pro Shop know that you won't be able to play helps everyone in the Club, in the shop, and those with whom you are playing. Just let people know.

Membership – New forms are being updated for the 2023 year. No raise in fees – still only **\$30 per person**. Bonnie Manning is working on getting the newly updated forms and welcome letter ready. They should be available soon on the Web site, in the drawer at Cimarron (remember that is now as you enter the Pro Shop), and available in the library. Start renewing for the 2023 season now.

The 150 Golf Club is a charter club that relies on volunteers. With this in mind, there will be an additional **VOLUNTEER FORM** attached to your renewal form. Please fill it out and return it. As always, we are in need of people to help with the Nomination Committee, the Social Committee, and on the Board. Check out the available “positions” on either the Web site or when you get your renewal form.

Chris Gaare is putting together a **Survey** asking for your thoughts and/or input on some various aspects of 150 Golf Club. We are urging all of you to complete the survey and to submit it. We do need your input! This should be coming out within the next two weeks. Check the Web site for updates.

Now the **FUN STUFF – KICK OFF GATHERING** is scheduled for November 20. We should be off cart-path only by then and we are scheduled for a shotgun start. Come catch up with members whom we haven't seen all summer. This will be in the Agua Fria room at Cimarron. There is no charge to the members.

On a side note, Judy Cameron, Secretary, will be in Africa until November 22. Mary Jacobs and Bonnie Manning are stepping up to help and the rest of the Board. She says thank you to all of them!
